PANAMAX.

Max Image Pro LT 20A

MIP-20LT

SKU: 172444   UPC: 50616008693

Increase longevity and production of connected office machine equipment while decreasing service calls.

Features

- AVM (Automatic Voltage Monitoring) – Protects equipment against prolonged over/ under voltages by disconnecting the power and reconnecting it when safe power returns.
- Separate protection circuits for 10/100/1000 BaseT Ethernet and telephone.
- CAT5e LAN Protection In/Out RJ-45 bi-directional connectors
- Unsafe Power Indicator light
- Line Fault Indicator light
- Ground OK Indicator light
- Power/Filtration OK Indicator light
- Three-stage, GFCI Compatible filter circuit provides high levels of Normal and Common mode EMI/RFI noise filtration.
- Surge Protection – Exclusive Protect or Disconnect™ circuitry. In the event of a catastrophic surge such as lightning, it completely disconnects AC power to connected equipment
- Eight foot power cord
- Two rubber strips running the length of the product provide a non-slip grip and prevent marring surface
- Telephone Protection RJ-11 In/Out connectors (2 telco cables included)
- Two Always-on AC outlets
- Includes security lock to prevent theft
- 20 Amp AC configured receptacles

WAVE ELECTRONICS
