

4 Space VWM Series Low Profile Wall Rack

VWM-2-2-36K-PW

SKU: 69345 UPC: 65674729153

With a low-profile, patent-pending design, this pre-configured horizontal VWM Series Wall Cabinet is ideal for mounting patch panels, hubs, routers, and switches within two mounting bays or 4 total rackspaces. It includes everything needed for a simple solution, but also can support additional customization in Lever Lock™; small device mounting within the cabinet and/or on the door, thermal management, cable management and power distribution for a complete system that ensures uptime and reliability on the wall.

Features

- Two mounting areas for a total of 4 rackspaces
- 2 RUs in upper bay with pivoting rackrail for patch panels
- 2 RUs in the lower bay with fixed rackrail for switches and routers
- Rackrail features both 10-32 thread and cage nut
- Flexible position spaces to mount the rackrail where it's needed
- Solid door that restricts user access and visibility for additional security
- Laser knockouts on the top, bottom and sides for cable entry and thermal management
- Integral electrical box simplifies power distribution
- Finished in a durable putty colored powder coat

Rack Rail Type	10-32
Number of Rack Spaces	4 RU
Usable Depth	27.8 in
Width	25 in
UL Load Capacity	150 lbs
Door Type	Full Solid Door
