## DM70 Large Tower Speaker

DYMEENSION DM70

SKU: 181250    UPC: 747192137168

Level up your home theater audio with the Definitive Technology Dymension DM70 Large Tower Speaker - a bipolar floorstanding speaker with an integrated subwoofer that features dual bass radiators, four BDSS mid/bass woofers, and tweeters for unrivaled sound. DM70's bipolar arrays are adjusted to optimize for room placement and hold a rear-array attenuation switch for near-wall placement. The 3XR Architecture combines an integrated 10" subwoofer powered by a Class D 180W amplifier and two passive radiators in this speaker. Its four 5.25" mid/bass BDSS woofers for superior midrange detail and custom aluminum oxide tweeter provide a smooth extended response with crisp transients and exceptional definition. To get deep-bass performance, it has a Patented Intelligent Bass Control that blends subwoofer output with mids and highs.

This speaker also has a Patented Linear Response Waveguide that extends off-axis dispersion for total sonic immersion. Be it an onscreen movie drama or hearing the sonic details while gaming, this tower speaker always performs to the best of its caliber. The consistent sound across Definitive Technology gives you the flexibility to mix and match Dymension, Dymension CI, and Mythos speakers, which can be voice-matched to design a complete home system.

### Features

- Fully balanced bipolar driver array for truly enveloping sound
- Built-in 180W 10" subwoofer with dual 3XR bass radiators
- Aluminum oxide tweeter produces crisp, sparkling highs
- 5.25" BDSS drivers provide balanced sound, wide listening area
- Atmos/DTS:X ready—add optional DM90 height module
- Patented Intelligent Bass Control for seamless integration
- Rear-array attenuation switch for near-wall placement
- Timbre-matched with other Definitive Technology speakers
- Foot spikes and pads allow versatile placement and leveling
- Understated design disappears into the room when the lights are low

Dimensions (H x W x D)	47.4 x 11.3 x 16.0 in.
Weight	74.1 lbs
Color	Black
Grille Material	Acoustically transparent black cloth (not removable)
Tweeter	(2) 1 in. aluminum oxide domes
Midrange/Midbass	(4) 5.25 in. BDSS™ with Linear Response Waveguide™
Bipolar Array	Fully-balanced, adjustable
Bipolar Array Adjustment	Rear tweeter switch: 0dB, -6dB
Subwoofer System Driver Complement	(1) 10 in. subwoofer (2) 10 in. passive radiators
Frequency Response	25 Hz–30 kHz (-10dB) 30 Hz–23 kHz (-3dB)
Nominal Impedance	4? (8? compatible)
Sensitivity	90dB (2.83V/1m)
Recommended Amplifier Power Rating	50–300W
Subwoofer Amplifier	250W (Peak) Class D
Intelligent Bass Control	Variable +12dB/-15dB

Included Accessories	4 adjustable hard floor glides, 4 adjustable carpet spikes
