

DENON

110-Year Anniversary Edition Moving Coil Phono Cartridge

DL-A110

SKU: 181316 UPC: 883795005487

Achieve enhanced high-frequency response when you replace your turntable cartridge with the Denon DL-A110 110-Year Anniversary Edition Moving Coil Phono Cartridge. It uses a square, solid diamond stylus and supports both stereo and mono LP playback. It connects to your tonearm with the SME tonearm interface and features gold-plated connectors for enhanced connectivity.

Features

- Equipped with a bayonet connector, also known as the SME tonearm interface, with gold-plated connectors for easy installation and high reliability
- Designed for wide playback band (especially in the high range), flat output voltage, and frequency characteristics
- Engineered to reproduce both stereo and mono LP records
