Landscape Speaker Stake Mount

AW-LS-STAKE

SKU: 180404 UPC: 76051401820

The Proficient AW-LS-STAKE Landscape Speaker Stake Mount is the most popular mounting method for the Landscape Satellite speakers and features a reinforced fluted tubular design that easily penetrates dense soil and provides a solid mounting platform. The quick connect design eliminates rotation of the speaker onto the mounting accessory eliminating a common failure point in other landscape products.

Features

- For use with PAS-AW-LS-6 / PAS-AW-LS-4
- 12" (300mm) stake mount for in-ground mounting
- Reinforced fluted tubular design easily penetrates dense soil
- Quick connect design for easy assembly
- Dirt skirt acts as a depth gauge/stop
