Cync Dynamic Effect 8' Light Strip Extension

93130386

SKU: 181863 UPC: 10043168548431

Savant 93130386 Cync Dynamic Effect 8' Light Strip Extension. *Extension Strip only, power supply not included.*

Cync Full Color Dynamic Effects Light Strips provide scheduling, light shows, music sync and millions of colors to enhance any space – no hub needed. Select from a wide range of white color tones from 2000K to 7000K and pinpoint the perfect white light. Choose from millions of additional colors to enhance the vibe in the room, ideal for entertaining and holiday décor.

Enhance your entertainment space by selecting a dynamic lighting effect and syncing to music to create the perfect atmosphere for a party, gaming, or working out. Get more out of your lighting with out of home control and scheduling through the intuitive Cync App, powered by Savant and voice control when paired with Amazon Alexa or Hey Google devices. Pair with a Cync Wire-Free Remote or Switch to control your strip light from the couch or bed.

Features:

- Enhance your space with dynamic light shows and music sync - Sync your lights to your music and watch as light shows interact with what you are listening to for the perfect party, gaming or work out atmosphere
- Choose from millions of vibrant colors - use the Cync app's color wheel and truelmage technology to elevate the vibe and enhance your holiday decor
- Lights that sync to your sleep/wake cycle - adjust your white light to any color between warm, amber light tones (2000K) and cool, bluish tones (7000K), including optimized settings to support your sleep/wake cycle
- Simple set up without a hub - control the full color light strip using the Cync app with no additional hub or bridge required. 2.4GHz W-Fi connection required for smart control
- Use your voice to turn on lights - control your lights when your hands are full or comfortable on the couch by pairing with a hey Google or Alexa device
- Control your lights away from home - get lighting control away from home through the Cync app - no hub or bridge needed
