

AX1500 Dual Band Wi-Fi 6 Router

EX220-G2

SKU: 182009    UPC: 84597300505

TP-Link EX220-G2 AX1500 Dual Band Wi-Fi 6 Router. Add more Wi-Fi devices to your network without dragging the performance, as EX220-G2u with Wi-Fi 6 builds a more efficient network that increases the average throughput by 4 times and serves more device. High-performance External antennas ensure widespread Wi-Fi coverage and a stable connection.

#### Features

- **Faster. Broader. Higher Capacity** - The EX220-G2u is TP-Link wireless router with Wi-Fi 6 – based on the New Era802.11ax Wi-Fi technology. Take your Wi-Fi to the next level while being backwards compatible with 802.11a/b/g/n/ac Wi-Fi standards
- **Faster Wireless Connection** - Streams Wi-Fi offers connection at over 1 Gbps speed for newer mobile devices
- **Powerful and Stable** - Every click you make, responds quicker. A 1.5 GHz triple-core CPU handles data throughput up to multi-gigs and minimizes the latency
- **Gigabit Internet Access** - Take full advantage of your broadband with speed up to 1 Gbps with a Gigabit WAN port
- **Band Steering** - EX220-G2u automatically assigns your devices to the best available band according to the Wi-Fi environment, balancing the network load to give each device its optimum connection
