DIN Rail, Half Width

AC1043

SKU: 181982 UPC: 804428434535

The On-Q DIN Rail bracket is a "top hat" DIN Rail supporting IEC/EN 60715 standard with 35mm width and 7.5mm height. The On-Q DIN Rail is capable of mounting directly into the On-Q low-voltage Plastic Enclosure family of products. The 6 inch, half width design allows for more versatility within the enclosure. The On-Q DIN Rail pairs well with the Nuvo P600 DIN Rail Players to create an enclosure-mounted whole home distributed audio system.

Features

- Tool-free mounting in vertical or horizontal configurations
- Top Hat design supporting IEC/EC 60715 standard with 35mm width and 7.5mm height
- Half Width design provides greater mounting flexibility when building enclosure configurations
- One DIN Rail supports the mounting of up to 3 Nuvo P600 Players
