

15A Merit Series Power Conditioner w/Lights and Digital Meter

M-8DX

SKU: 29614 UPC: 654061027959

Install an M-8Dx into the top slot of your rack, and the eight switched outlets in the rear panel will power up and protect all your equipment up to a 15-amp load. Illuminate your rack with two retractable, front panel lights. Monitor voltage with the digital meter display.

A Merit Series Power Conditioner is the perfect low-cost AC power solution for any rack mount system. The M-8Dx features two slide out, swiveling light fixtures to provide discreet illumination of your equipment on stages, in studios, and in other dark places. A dimmer knob lets you adjust the lamp brightness to just the right level. The M-8Dx also features a bright red, three-digit LED voltmeter that displays incoming voltage.

Features

- AC noise filtering to reduce radio frequency and electromagnetic interference (RFI/EMI)
- Spike & surge protection ensures equipment stays safe and your power stays clean
- 8 rear panel outlets and 1 front panel convenience outlet
- Digital voltmeter display incoming line voltage
- 15 amp rating, with circuit breaker
- Front panel indicator LED lets you know that your equipment is being protected
- Rear outlets have been spaced to accommodate even the bulkiest of wall warts and adapters
- Two retractable incandescent light fixtures with dimmer control for convenient rack illumination

Line Voltage	120
Number of Outlets	9
Number of Isolated Banks	0
