

Maestro Dimmer and Switch Timer Control - Almond

MA-T530G-AL

SKU: 32457 UPC: 27557663243

Never leave fans or lights on unnecessarily by installing Lutron Maestro MA-T530G timers throughout your home. The eco-timer switches can operate a fan or light for 5 to 30 minutes before turning off automatically. An LED indicator on the Maestro timer displays the time until shut-off. The energy-saving Lutron MA-T530G is great for use in garages, bathrooms, basements and other low-traffic areas. For use with Lutron Claro Wallplates (sold separately).

Features:

- Operating time of 5-30 minutes
- Single pole
- LED indicator
- For use in low-traffic areas
