Hinge Kit for ER12W Rack

ER12W-RSWINGKIT

SKU: 181895

Introducing the RACK ER12W-RSWING Hinge Kit, the ultimate solution for enhancing accessibility and ease of use for your RACK ER12W 12 Space Enclosed Wall-Mounted Rack. Designed with precision and practicality in mind, this hinge kit allows your rack to swing out to the right, providing quick and convenient access to your equipment.

The RACK ER12W-RSWING Hinge Kit is a game-changer, adding a new dimension of functionality to your enclosed wall-mounted rack. It includes two high-quality hinges and all the necessary hardware for a seamless and straightforward installation. With this kit, you can easily transform your fixed wall-mounted rack into a swing-out unit, facilitating equipment maintenance, cable management, and adjustments like never before.
