

SONANCE

LS4T 4.5" Outdoor Landscape Satellite Speaker

93369

SKU: 182848 UPC: 041093933691

The LS4T SAT includes a wide bandwidth Sonance Laminated Core Transformer with an adjustable tap, making it flexible and powerful for any outdoor landscape application.

Features

- 40W peak power handling: Helps ensure rich, dynamic sound.
- 4-1/2" injection molded polypropylene woofer: Along with 1" polyurethane tweeter for a complete range of sounds.
- 2-way speaker system: Sounds like 1 source rather than several separate sources.
- Outdoor design: Offers durability, so you can enjoy your music while you're outside.
- 75Hz - 20kHz frequency response: Ensures a wide range of accurately reproduced sound.
- 8 ohms nominal impedance: Ensures efficient conduction of power through the speaker.
