myTouchSmart Indoor In-Wall Push Button Countdown Digital Timer

40953

SKU: 183051

Simplify your routine with the myTouchSmart In-Wall Push-Button Countdown Timer. The simple-set timer delivers convenient automation to your indoor or outdoor lighting, as well as a variety of equipment, and is compatible with LED, CFL, incandescent and halogen bulbs. Even with a busy schedule, never worry about remembering to turn off your home's fixtures again.

Features

- >Easily replaces any single-pole light switch in order to add countdown controls to indoor or outdoor lights and appliances – ideal for lights, exhaust fans, seasonal lighting and more. Compatible with LED, CFL, incandescent and halogen bulbs.
- Countdown Time Intervals - include 5 min, 10 min, 30 min, 60 min, 2 hour, or 4 hour preset push buttons as well as an On/Off button that overrides any active countdown.
- On/Off Door Panel – Door opens to allow access to all presets and push buttons and when closed the door panel conceals preset buttons and LEDs and doubles as a Push Button so you always have On/Off control of your connected light or appliances. Opens easily to allow access to all preset countdowns.
- Blue LED Indicator Lights - shows current countdown time. If there is no LED indicator light the timer functions as an ON/OFF switch. Includes interchangeable White and Light Almond ON/OFF push button door; Wall plate NOT included
- Easy direct wire installation; NEUTRAL WIRE REQUIRED; Electrical Ratings – 120VAC 60 Hz: 15A Resistive, 1200W Tungsten, 1200VA, 1/2 HP Motor; UL Listed
