Introducing the Elura SUBB8.3 Black Label 8" 150-Watt Down Firing Subwoofer, the perfect addition to enhance your audio system with deep, powerful bass. Designed with precision and engineered for performance, this subwoofer delivers impactful low-frequency reproduction that will elevate your audio experience to new levels.

The Elura SUBB8.3 features an 8" driver and a built-in 150-watt amplifier, providing a perfect balance of power and precision. Experience the full depth and richness of your music, movies, and games with immersive bass that fills the room. Whether you're listening to thumping beats, experiencing heart-pounding movie soundtracks, or engaging in intense gaming sessions, this subwoofer ensures that every low-frequency detail is faithfully reproduced.

Designed with quality in mind, the SUBB8.3 boasts high-quality components and meticulous craftsmanship. Its solid enclosure and down-firing configuration are designed to minimize unwanted vibrations and resonances, resulting in clean and accurate bass reproduction. With its sleek black finish and elegant design, the SUBB8.3 seamlessly blends into any home theater or audio setup, adding a touch of sophistication to your space.

Equipped with a power port, the SUBB8.3 maximizes bass output and minimizes turbulence, allowing for deeper and more dynamic bass response. The power port technology ensures that you feel the impact of every bass note, adding an immersive layer of realism to your audio experience. Get ready to feel the rumble and be transported into the heart of the action.

Black Label is Elura's entry point into HiFi home audio. The same strict standards that are applied to the Elura premium offerings are present in the design and performance of this series. Black Label sonically outperforms most speakers that are over twice their price, leading many to say, "these speakers sound too good for the money."
