

3M Velox Passive Ultimate High Speed HDMI Cable

EHV-HDUP3

SKU: 183182 UPC: 08642942197

The Velox EHV-HDUP 48Gbps Passive HDMI Cable is a substantial upgrade in what a Non-Active copper based HDMI cable can accomplish. For the first time it is possible to support all of the resolutions and feature sets that are incorporated into the HDMI 2.1 Specification in a long distance Passive HDMI Cable. Available in lengths from 1 meter up to and including 8 meters the Velox EHV-HDUP 48Gbps Passive HDMI Cable is the Cinephiles best friend.

Tested and approved under the strict Ethereal Ultimate High Speed Performance Certification process the Velox EHV-HDUP 48Gbps Passive HDMI Cable is a great choice for any High Performance Video application.
