## Garden Series Landscape Wiring Harness

93461

SKU: 183439    UPC: 041093934612

Sonance 8 + 2 Outdoor Wiring Harness is designed to maximize installation efficiency for Garden Series systems. The harness includes 90 feet of 16 AWG 4-conductor wire with an outdoor rated jacket and weatherproof connectors to support up to eight Garden Series satellite speakers and two Garden Series buried subwoofers. The pre-stripped branch cable leads allow for fast set up and the universal, color coded plug connections automatically designate each speaker for Left or Right channel playback.

### Features

- 8+2 Landscape Wiring Harness
- IP67 Rated
- Harness with quick connect branch cables
- Supports efficient on-site installation process for Sonance Garden Series systems
- Pre-stripped speaker wire leads on each branch cable for a virtually tool-less install
