

EpiqVision Ultra LS800B 4K PRO-UHD Ultra Short-Throw 3-Chip 3LCD Laser Projector

V11HA90120

SKU: 183926 UPC: 10343972537

The best way to watch sports, the Epson EpiqVision® Ultra LS800 3-Chip 3LCD Smart Streaming Laser Projector produces a larger-than-life picture up to 150" for an astounding 4K HDR1 experience. Equipped with proprietary 4K PRO-UHD®2, 3-chip 3LCD technology and an incredible 4,000 lumens of color and white brightness3, the LS800 Laser Projector combines an advanced ultra short-throw lens with a laser-array light source—along with an optional Epson SilverFlex® high-resolution ambient light rejecting screen4—to produce vivid colors and deep blacks for an exceptionally bright, colorful and sharp picture in virtually any viewing environment—even in brightly lit rooms. Featuring a sleek, modern design, the EpiqVision Ultra LS800 Laser Projector seamlessly fits within a variety of décor styles and complements the full range of audio/video furniture to create a modern-looking system. Plus, with its unique ultra short throw lens, the EpiqVision Ultra LS800 Laser Projector can be placed mere inches from the wall for easy, obstruction-free viewing.
