Enbrighten Seasons Color-Changing Vintage LED Cafe Lights 24 Bulbs - 48'

37790

SKU: 184369

Discover the future of lighting with Enbrighten Vintage Seasons Cafe Lights (48 ft.). Choose vibrant colors for any occasion or holiday, celebrate your favorite sports teams or choose warm vintage white for beautiful year-round installations with a premium design. You never have to take down your outdoor color changing string lights again. These carefully crafted Edison-style cafe lights boast the functionality and durability of the standard LED model with a stylish, vintage twist plus selectable color modes. The impact resistant bulbs exude a soft, amber glow, creating an instantly warm atmosphere to any location or choose your favorite color, two-color combination or a variety of preset color modes. Enbrighten Vintage Seasons Cafe LED Lights by Jasco include 24 bulbs on a 48-ft. string and are linkable up to 750 ft., so you will be sure to have as much light as needed to illuminate any space. Experience endless possibilities with these 48 ft. LED string lights by Jasco, guaranteed lighting for life. Comes with remote to select color, with included dimmability and 2 or 4-hour timeout options.

Features

- **THE PERFECT AMBIENCE** : Adds sophisticated, visually pleasing atmosphere to any indoor or outdoor space, including backyards, porches, balconies, decks, patios, pergolas, gazebos, cafes, bars, restaurants and more
- **COLOR CHANGES EVERYTHING** : Offers choice of 16 colors, seemingly endless 2 color combinations and a variety of preset modes for special occasions, all of which can be selected via wireless remote (included) and dimmed or set to 2 or 4 hour timeout
- **STYLISH YET FUNCTIONAL**: Features 24 durable, impact resistant acrylic Edison style bulbs, commercial grade and UL listed for permanent installation and designed to withstand year round exposure to the elements
- **LIGHTING FOR LIFE**: Includes lifetime warranty for peace of mind, in addition to long life, energy efficient LED technology, which means no more bulbs to replace.
- **EASY LINKING AND INSTALL**: Multiple sets are linkable up to 750 feet and easy to install, whether mounted on a flat surface or hung from above (mounting hardware not included), so you can achieve the perfect length for your installation
