

Motion MP10 Multi-Purpose Speaker - Gloss Black

MP10GB

SKU: 185542 UPC: 81012302611

If you're building a home theater setup with MartinLogan's excellent Motion speakers, the MP10 is a must-have for an immersive soundscape. It delivers accurate, detailed sound that matches others in the Motion lineup, based around carefully chosen drivers, precise crossovers, and an acoustically optimized cabinet. This speaker's unique size and shape are well-suited a variety of surround-channel applications. And it comes in three gorgeous finishes, so it can visually match the rest of your speakers, too.

MartinLogan's acclaimed Folded Motion tweeter uses a pleated diaphragm that works similarly to an accordion by "squeezing" air to create sound. The MP10's upgraded Gen2 Obsidian version of this tweeter uses larger magnets for greater detail and accuracy. The new design places it inside a custom Folded Motion waveguide that enhances dispersion of high-frequency sound throughout your listening area.

Because it requires almost 90% less excursion than the typical 1" dome tweeter, response time is drastically reduced along with distortion. The diaphragm's increased surface area also provides wide, yet controlled sound dispersion to create a realistic and highly accurate soundstage. Music sounds detailed, but smooth and effortless, without a trace of harshness.

Features

- 1" x 1.4" Gen2 Obsidian Folded Motion® tweeter with custom waveguide
- 5-1/2" woven fiberglass cone woofer with cast polymer basket
- Bass-reflex (ported) cabinet with bottom-firing port
- "Flippable" cabinet offers multiple mounting options
- Frequency response: 81-25,000 Hz
- Upgraded McCracken-Vojtko crossover network
- Sensitivity: 92 dB
- Nominal impedance: 5 ohms
- Recommended amplifier power: 20-200 watts
- Removable magnetic grille
- Mounting hardware included
- 8-1/16"W x 14-1/16"H x 5-5/16"D

Enclosure	Ported
Bipole or Dipole	No
Tweeter Type	Film
Tweeter Size (inches)	1 x 1.4
Midrange Size (inches)	N/A
Woofer Size (inches)	5.5
Power Range	20-200
Sensitivity	92 dB
Impedance (Ohms)	5
Frequency Response	81-25k Hz
Wall-mountable	Yes

Dimensions (H x W x D)	14-1/16" x 8-1/16" x 5-5/16"
Weight	9.7 lbs
