

EPSON®

L1750UNL WUXGA 3LCD Laser Projector with 4K Enhancement Without Lens

V11H892920

SKU: 183726 UPC: 10343939233

The Pro L1750UNL combines a laser light source, inorganic components and 3LCD technology for powerful, uncompromising images. This premium large-venue projector also features native WUXGA performance with Epson® 4K Enhancement Technology. Delivering 15,000 lumens of color/white brightness from a standard 120 V power source, the compact Pro L1750UNL offers ultra bright, vivid color, while its laser light source engine and electrostatic air filter provide virtually maintenance-free operation for up to 20,000 hours. This sleek, white projector's includes built-in Edge Blending, and integration capabilities like 3G-SDI and HDBaseT, plus nine optional powered lenses (sold separately)

Features:

- **Bright, vivid color** — 15,000 lumens color/white brightness
- **Exceptional Full HD widescreen display** — native WUXGA (1920 x 1200) with 4K Enhancement for presentations, videos, digital signage and more
- **Solid-state laser light source** — virtually maintenance-free 20,000-hour laser light source with no lamps
- **Dynamic projection capabilities** — advanced built-in Edge Blending, image warping and curved-surface correction technologies for a variety of applications
- **Powerful** — remarkable brightness from a compact projector with a 120 V power source
- **Advanced connectivity** — 3G-SDI, HDBaseT, HDMI, DVI-D, VGA, 5-BNC and Stereo Mini
- **Nine optional interchangeable lenses (sold separately)** — with powered lens shift and lens memory
- **Installation flexibility** — 360-degree projection and Portrait Mode for added versatility
- **Remote management and control tools** — included software allows for web-based monitoring and control of Epson networked projectors
- **Image correction camera** — automatically adjusts color and brightness to match other projectors in multiple-screen applications
