## EB-PU2213B 13,000-Lumen 3LCD Laser Projector with 4K Enhancement

V11HA68820

SKU: 183723    UPC: 10343968974

Experience the power and flexibility of the EB-PU2213B 13,000-lumen large venue laser projector. Featuring a sleek, black cabinet, this premium laser projector is optimized for live events with 3G-SDI input and output to accommodate daisy-chaining and long cable runs, plus a mechanical shutter to protect the projector during laser light shows.

The EB-PU2213B uses a 20,000-hour virtually maintenance-free laser light source. It also features a hermetically sealed optical engine for high dust resistance and a filterless cabinet for low-maintenance operation.

The projector pairs with 9 optional powered lenses (sold separately) to simplify installation and includes a host of premium features for fast setup, such as built-in NFC functionality, and the optional attachable PixAlign camera to streamline multi-projector setups.

### Features:

- 13,000 lumens of equal white and color brightness
- WUXGA with 4K Enhancement
- 20,000-hour virtually maintenance-free laser light source
- 9 optional powered lenses (sold separately)
- **Outstanding image quality** — high native contrast ratio produces deep blacks; frame interpolation delivers realistic moving images; HDR support and scene adaptive gamma correction for true-to-life images
- **Fast installation** — built-in NFC functionality and easy-to-use Android and iOS mobile app, Epson Projector Configuration Tool (EPCT), to streamline multi-projector installations
- **Optional attachable PixAlign camera** — provides access to powerful features, including projector stacking assist function, tiling assist for edge blends, color calibration and screen matching from the projector menu or Epson Projector Professional Tool (EPPT) app
- **Simple Blending and Simple Stacking functions** — for fast blending or stacking of two projectors using a remote controller instead of conventional setup with a PC and router; requires optional attachable PixAlign camera
- **Efficient setup and management** — control multiple projectors in a single, large space with EPPT app; easily manage your installed inventory using Epson Projector Management – Connected (EPM-C) from any device with a Web browser
- **Built-in media player** — remotely update playlists and content with the Epson Projector Content Manager application
