2-Channel Wireless Streaming Amplifier

MODEL M1

SKU: 186817 UPC: 747192140786

Marantz's MODEL M1 streaming amp lets you create a great-sounding two-channel hi-fi system by simply adding a pair of passive speakers. It's got smooth, powerful amplification, crystal-clear high-res digital decoding, and flexible streaming capabilities — including built-in HEOS, which allows it to be part of a wireless multi-room sound system. It can also handle analog and digital sources, including a TV.

Features

- 100 watts x 2 channels into 8 ohms
- 125 watts x 2 channels into 4 ohms
- Marantz Musical Digital Filtering (MMDF) for crystal-clear sound
- Requires setup using a smartphone or tablet with the HEOS app
- Built-in dual-band Wi-Fi allows connection to a wireless home network and wireless communication with other HEOS devices
- Built-in Bluetooth lets one stream directly from compatible devices
- Free app for Apple®, Android™, and Amazon Fire devices offers easy Wi-Fi control, settings adjustments, and music selection and playback
- Plays music stored on devices
- Support for online music services, including Spotify®, TIDAL, Pandora®, SiriusXM, Rhapsody®, and TuneIn radio (subscription required for some services)
- Works with Amazon Alexa-compatible voice control assistants
- DLNA support for streaming music from compatible networked computers and NAS drives
- Plays MP3, WMA, AAC, FLAC, ALAC, and WAV files
- Supports high-res playback for PCM-based files up to 24-bit/192kHz and DSD files up to 5.6 MHz
- Supports Apple AirPlay 2 and Spotify Connect
- Stereo RCA analog line input
- Optical digital audio input
- HDMI eARC port for connecting a TV, gaming console, Blu-ray player, and more (audio only)
- USB port for listening to music stored on a compatible thumb drive
- Ethernet port for optional wired connection to a router
- Binding post speaker terminals
- Mono RCA preamp output for a powered subwoofer
- 3.5mm IR flasher input
- Detachable power cord
