Victrola VPT-3000-BSL Stream Carbon  
Turntable + Sonos Era 300 Bundle - Black

BUNDLE3-CARBONERA300B

SKU: 188199

**USE COUPON CODE AT CHECKOUT: SNSVICBUNDLE300** Sonos BUNDLE3-CARBONERA300B. Bundle a Victrola VPT-3000-BSL Stream Carbon Works with Sonos Turntable with two Sonos Era 300 Speakers and save 10%.

Seamless Sonos connectivity in seconds, a master volume control knob, and the freedom to put your turntable anywhere in your home. The Stream Carbon has been verified by the Works with Sonos program, guaranteeing the best possible experience playing vinyl on your Sonos system.

Experience your vinyl like never before with the Stream Carbon delivering rich, vivid sound from every one of your Sonos speakers. Victrola engineers designed the Stream Carbon with the listener in mind. The turntable features a carbon fiber tonearm with an easy-to-adjust counterweight to set the perfect downforce for dynamic frequency response and increased clarity. The meticulously machined aluminum headshell houses an Ortofon 2M Red cartridge for a premium music listening experience every time.

Stream from all services and devices with WiFi and Bluetooth. Connect a turntable or other audio source using an auxiliary cable and the Sonos Line-In Adapter. Experience mind-bendingly realistic surround sound when you pair two Era 300 speakers with Arc and stream spatial audio with Dolby Atmos. Set up is easy, and control is even easier with the Sonos app, next-generation touch controls, and voice.

Take spatial audio experience above and beyond with the Era 300. Featuring six optimally positioned drivers all around the front, sides, and top to support Dolby Atmos Music, the breakthrough acoustic design projects sound from wall to wall and floor to ceiling, immersing the listener in every dimension of the song. No matter where or what is played, the listening experience is nothing short of extraordinary. Custom waveguides accurately disperse sound right, left, forward, and above, creating a sensationally spacious stereo soundstage that can be felt all around the room.
