## Victrola VPT-2000-ORT + Sonos Era 100 Bundle - Black

BUNDLE2-ONYXERA100B

SKU: 188197

**USE COUPON CODE AT CHECKOUT: SNSVICBUNDLE100** Sonos BUNDLE2-ONYXERA100B. Bundle a Victrola VPT-2000-ORT-BLK Stream Onyx Works with Sonos Turntable with two Sonos Era 100 Speakers and save 10%.

Seamless Sonos connectivity in seconds, a master volume control knob, and the freedom to put your turntable anywhere in your home. The Stream Onyx has been verified by the Works with Sonos program, guaranteeing the best possible experience playing vinyl on your Sonos system.

Experience your vinyl like never before with the Stream Onyx delivering vibrant, vivid sound from every one of your Sonos speakers. Victrola engineers designed the Stream Onyx with the listener in mind. The turntable features an aluminum tonearm with an easy-to-adjust counterweight to set the perfect downforce for dynamic frequency response and increased clarity. The meticulously machined aluminum headshell houses a premium magnetic cartridge for a rich music listening experience every time.

Featuring next-gen acoustics and new levels of connectivity, Era 100 transforms any room with the finely tuned stereo sound and rich bass music deserves. Place this speaker anywhere and everywhere. The compact design fits beautifully on any bookshelf, kitchen counter, desk, or nightstand.

With a tap in the Sonos app, Trueplay™ tuning technology analyzes the unique acoustics of the space and optimizes the speaker's EQ. So all content sounds just the way it should.
