

## 8-Outlet Power Distribution & Protection Unit

HS-908PC

SKU: 188296    UPC: 08642943674

Distribute power to and protect your valuable rack gear with the HELIOS HS-908PC Power Conditioner. This 1U powerhouse boasts 8 switched black outlets; 6 standard and 2 high-current outlet options for demanding gear. A 3240J MOV surge rating safeguards your equipment from damaging spikes, while EMI/RFI noise filtering ensures pristine audio and video signals. The convenient front-mounted power button and LED indicators let you know your gear is safe and sound. Plus, removable rack ears and included rubber feet offer flexible mounting options.

EMI/RFI noise from the power grid could be introduced into your system creating a poor audio experience. This unit provides 50dB of filtration ensuring noise is not passed onto your audio devices.
