

8-Outlet Optimized Power Distribution & Protection Unit

HS-1508PC

SKU: 188297 UPC: 08642943673

The HELIOS HS-1508PC revolutionizes rackmount power with non-sacrificial surge protection - no more degraded performance or sudden failures after a spike. This 1U powerhouse boasts 8 switched black outlets; 6 standard and 2 high-current outlet options for demanding gear. 70dB EMI/RFI noise filtering ensures pristine audio and video, while a display and intuitive LED indicators keep you informed. Plus, removable rack ears, rubber feet, and a right-angle power cord offer maximum flexibility.

EMI/RFI noise from the power grid could be introduced into your system creating a poor audio experience. This unit provides 70dB of filtration ensuring noise is not passed onto your audio devices. Using the included mounting brackets, this unit can be mounted to the front or back of a standard rack, or wall/surface mounted.

Cutting edge optimized surge protection technology outlasts common MOV surge protection with over 60 times longer life expectancy and up to 33% faster surge clamping time than traditional MOV based surge protectors.

Features

- 8 Black Outlets (6 Switched + 2 High-Current)
- Non-Sacrificial Surge Protection for Lasting Peace of Mind
- 70dB EMI/RFI Noise Filtering
- 1.9" Display and Intuitive LED Indicators
- Removable Rack Ears and Pre-Mounted Premium Rubber Feet
- 1U Rackmount Form Factor
- 120V 15A Power Rating
- Over/Under Voltage Shut-Off Protection
- cULus Certified
