

## 12-Outlet Optimized Power Distribution & Protection Unit

HS-1912PC

SKU: 188299    UPC: 08642943672

Silence power worries in your studio, rack, or home theater with the HEILIOS HS-1912PC. Ditch flimsy MOV surge protectors for long-lasting, non-sacrificial protection that shields your gear from even the nastiest voltage spikes. 12 black outlets - 10 switched for control, 2 high-current for hungry amps - plus 2 rear USB ports give you ample power with flexible control. Crystal-clear 80dB EMI/RFI noise filtering ensures pristine audio and video, while display and clear LED indicators keep you informed. Conquer power anxieties and elevate your performance - choose the HEILIOS HS-1912PC.

EMI/RFI noise from the power grid could be introduced into your system creating a poor audio experience. This unit provides 80dB of filtration ensuring noise is not passed onto your audio devices.

Using the included mounting brackets, this unit can be mounted to the front or back of a standard rack, or wall/surface mounted.
