Large Back Box for Motorized Varifocal Turret/Dome Cameras - Black

LARGE-BACK-BK

SKU: 186323

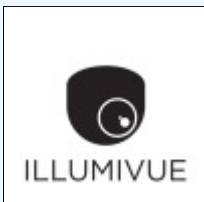

Introducing the Illumivue LARGE-BACK-BK Large Back Box, the perfect accessory for your motorized varifocal turret or dome cameras. Designed to enhance functionality and provide optimal protection, this back box is a must-have addition to your surveillance system.

Built to last, this back box boasts exceptional durability and sturdiness. Constructed from robust materials, it provides reliable protection against harsh weather conditions, vandalism, and tampering attempts. Whether it's rain, snow, or extreme temperatures, you can trust the Illumivue LARGE-BACK to keep your valuable cameras safe and secure.

Installation is a breeze with the Illumivue LARGE-BACK. It features a user-friendly design that simplifies the mounting process, saving you time and effort. The back box comes with pre-drilled holes and compatible hardware, ensuring a hassle-free setup. You'll have your cameras up and running in no time, providing surveillance coverage for your property or business.

Compatible with:

- IP8T-RB-DNL-BK
- IP5T-RB-DNL-BK
