

Western Digital®

WD Purple Surveillance Hard Drive, 10TB

WD102PURZ

SKU: 188733

WD Purple drives are designed to meet the challenges of 24x7 video surveillance recording. These drives are engineered specifically for surveillance to help withstand the elevated heat fluctuations and equipment vibrations within NVR environments. An average desktop drive is built to run for only short intervals, not the harsh 24/7 always-on environment of a high-definition surveillance system. With WD Purple drives, you get reliable, surveillance-class storage that's tested for compatibility in a wide range of security systems. Exclusive AllFrame™ technology helps reduce frame loss and improve overall video playback.

Features

- Industry-Leading Storage. Surveillance You Can Trust
- Multiple Cameras, Multiple Streams
- Western Digital's Exclusive AllFrame™ Technology
- Designed for Surveillance Solutions
- Enhanced Workload Ratings
- Wide Compatibility. Seamless Integration
