

ILLUMIVUE™ BY MSTR

16-Channel 2 SATA HDD NVR with Advanced Analytics (No Hard Drive)

NVR16.3

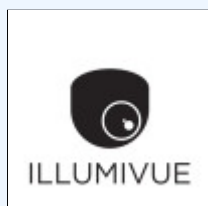

SKU: 188863

Introducing the Illumivue 16-Channel Standard PoE NVR with Advanced Analytics – the cutting-edge solution for intelligent surveillance. This high-performance network video recorder (NVR) combines robust features and advanced analytics capabilities to provide unparalleled security for any home or business.

The Illumivue NVR16.3 goes beyond traditional recording capabilities with its advanced analytics features. Leveraging artificial intelligence (AI) algorithms, this NVR can intelligently analyze video streams in real-time, detecting and classifying various events and objects. From facial recognition and intrusion detection to object counting and line crossing detection, the advanced analytics empower the user with actionable insights to enhance security protocols.
