

## GC2E-345 eSeries Security Panel & LTE Cell Radio Module Bundle - Verizon

GC2e-Bundle

SKU: 188881

**Bundle & Save!** Buy a 2GIG-LTEV-A-GC2 + 2GIG-GC2e-345 and get \$11 off.

2GIG sets the standard for exceptional performance that delivers true peace of mind. With our GC2e, enjoy the proven performance and trustworthiness of the original 2GIG GC2 panel, along with new features that make life as a dealer even easier. With improvements like eSeries encrypted compatibility, an entirely new sleek design, larger capacitive touch screen, and our best-in-class 2-way voice, homeowners and dealers alike will appreciate the peace of mind they get from their 2GIG GC2e experience.

2GIG LTE cell radio module brings longer-life cellular connectivity and simple installation to 2GIG GC2 systems. Dealers can save time and reduce costs with cost efficient and easy-to-install cell radio modules. For the end-users 2GIG LTE radios provide better support for cellular connectivity of smart home devices while improving remote control experiences.

The 2GIG-LTEV1-A-GC2 is a 4G LTE radio for the Verizon network to work with Alarm.com. This new radio transfers both data and two-way voice over Verizon's 100% LTE network and VoLTE (Voice over LTE) technology. To enable the 2GIG-LTEV1-A-GC2 radio, the GC2 Panel requires Firmware version 1.19.4 or newer and the GC2e Panel requires Firmware 1.24 or newer.

### Features

- Enlarged, brighter 5 screen for better viewing and user experience
- eSeries encrypted sensors provide enhanced security
- Enhanced user interface with capacitive touch technology
- Elegant industrial design that blends in with today's lifestyle
- Expanded smart home ecosystem with Z-Wave Plus and S2 encryption
- Exceptional field-proven reliability and performance
- Installer programming features and flow stay the same
- Backward compatible with all GC2 sensors for easy upgrades
- Supports LTE 4G and 3G radios
- Alarm.com and SecureNet compatible
- 4G LTE cellular module
- Works with Verizon Network
- Compatible with Alarm.com
- US Only
- GC2 Requires FW v1.19.1 or newer
- GC2E Requires FW v1.21 or newer
- Includes 2 (two) LTE Antennas in the box with the radio
