

Decor Brush Plate with Decor Cover Plate - White

45-0018-WH

SKU: 189129 UPC: 66055901746

DataComm Electronics' patented Decor Brush Plate is used to install low-voltage cables behind your HDTV, amp or other audio video devices. It's designed to be installed into a low-voltage mounting bracket, which is sold separately. It can easily hold up to 6 cables and comes with a decor cover plate.

Features

- Low-profile design fits behind industry's thinnest mounts & TVs
- Conceals multiple lowVage cables behind flat panel TV
- Easily holds up to 6 cables; Mounts flush with décor-style wall plate
- Mounts to a standard low-voltage mounting ring, old work
- Includes décor cover plate
