Mount for Projectors up to 35 lbs

VP1-B1

SKU: 156277 UPC: 793795521989

The Sanus VP1 projector mount supports mounts up to 35 lbs / 15.91 kg and includes 2.5" / 6.35 cm and 7" / 17.78 cm pipes for a flush mount against the ceiling or added extension. The VP1 features integrated cable management for a clean look, and post-installation micro adjustments allow easy projector registration. Unlike other projector mounts, the VP1 has a release lever that allows projectors to easily connect/disconnect from the mount while maintaining preset adjustments. A key and lock system provides added security against theft. All pieces necessary to mount a projector are included, making installation as easy as possible. The VP1 is compatible with nearly all DLP and LCD projectors on the market
