

Cat6 Low Smoke Zero Halogen Solid UTP
1000' Box - Blue

CAT6-BL-LSZH

SKU: 178518

SCP Cat6 UTP LSZH cables provide higher performance and headroom than Cat5e UTP and feature more stringent specifications for crosstalk and system noise.

Each Cat6 UTP LSZH cable is performance optimized with 4 balanced twisted pairs on 23 AWG insulated solid bare copper conductors. Each pair is separated by a center spline.

SCP Cat6 UTP LSZH cables are constructed to create a round and flexible cable for easy pulling and stripping of the LSZH jacket. All Cat6 UTP LSZH cables are packaged in our award-winning Pull Box with guaranteed tangle free pulling.

Features

- Low Smoke Zero Halogen
- UTP Cat6
- 23 AWG
- With rip cord
- Sweep frequency up to 550 MHz.
- 1000' Box
