IPORT Surface Mount is the most elegant way to mount iPad on a wall, solid surface or onto glass. Surface Mount allows access to the iPad power button, microphones and speakers. iPad is contained in a minimalist aluminum bezel and stays protected by engaging locking components in the bezel as well as on the surface.

By utilizing IPORT's PoE and a standard CAT cable, Surface Mount can be up to 300 ft. from a power source or can be hard-wired to a network employing Apple's USB to Ethernet.
