

airMAX LiteBeamM 5 GHz, 23 dBi Bridge

LBE-M5-23-US

SKU: 122506 UPC: 810354021831

The LiteBeam is the latest evolution of a lightweight and compact, outdoor wireless broadband product from Ubiquiti Networks. Each of these models was designed to be an affordable cost/performance solution for long-distance, wireless broadband bridging. It operates in the worldwide, license-free 5 GHz frequency range with high-performance speeds.

Features

- Custom Ubiquiti airMAX Processor
- High-Gain Antenna with Proprietary InnerFeed Technology
- Innovative Snap-Lock Assembly for Quick Installation
- Convenient Ball Joint Design for Flexible Mounting and Aiming
- Lightweight and Compact Design
- Energy Efficient Wireless Bridge
