PA11111

SKU: 190220

eero 7 is a multi-gigabit router for customers who rely on their wifi for every-day internet activities, like streaming, studying, and working, and are looking to upgrade to the latest Wi-Fi 7 standard at a lower price. eero 7 is a dual-band system with support for 2.4 and 5 GHz, and can deliver wireless speeds up to 1.8 Gbps and wired speeds up to 2.3 Gbps through its two 2.5 GbE ports. eero 7 delivers Wi-Fi 7 performance in a compact form factor that can easily fit on bookshelves, entertainment centers, and desks.

A single unit covers up to 2,000 square feet, providing a simple way to start a network in an apartment or small home; a two-pack covers up to 4,000 square feet; and a three-pack covers up to 6,000 square feet. Customers can connect as many eero devices as they need to get coverage throughout their homes.
