Host | Mac Mini M4

SVR-5400S-00

SKU: 190595

SVR-5400S is the flagship Savant Host running on the Apple® Mac Mini M4 hardware platform. This key building block within a Savant system includes an M4 processor and a solid state drive for performance and reliability. The Host is not only the brains of the system that allows for high-level automation and control, it is also the central server for all user interfaces, and the connection point for system administration and monitoring.

## Features

- The supported feature set and limits for Mac Hosts are based on the type of license applied. Use a Mac Limited, Mac Core, or Mac Unlimited license to right-size the level of performance needed for any project.
- All Mac Hosts running Mac Limited, Core, or Unlimited licenses must have an active Savant Essentials subscription at the time of configuration upload.
- Use this Host with the Savant Essentials Cloud Backup & Restore feature for simple Host replacement in existing fielded systems.
