

48 PoE+ | 4 (10G) SFP+ Ports – 1Gb L2/L3 Managed Switch

SW-615-48P-F

SKU: 186688

The SW-615-48P-F is a 48 port PoE+ front-facing single space rackmount 1Gb switch with 4 SFP+ 10Gb ports (aggregable up to 40Gbps) with a total PoE power budget of 740W. Each of the SFP+ ports can be used alone or aggregated together to allow 20 or 40Gbps throughput to another switch. This L2/L3 switch with 176Gbps switching capacity provides VLAN, QoS and other powerful management features. Up to 16 switches can be grouped in a single pane user-interface allowing easy and comprehensive administration. Variable speed fans for quiet operation. ProWatch Integrated for support of remote monitoring and management.

Features

- Refreshed, simplified user interface >PoE Self-Healing with auto-recovery and power scheduling
- Supports inbound and outbound (ingress and egress) ACL filtering
- Layer 2/Layer 3 capabilities (static routing included)
- Multicast/IGMP snooping and querying feature
- Per port unregistered flooding
- 802.1Q VLAN and QoS support including DCSP
- Dante and AES67 compatibility
- AV-over-IP compatible
- PoE Self-Healing with auto-recovery and power scheduling
- 48 PoE+ 1Gb Ports
- 740 Watt total PoE budget
- Front-facing ports
- Low noise, variable speed fans
- 4 SFP+ Ports
- Aggregable up to 40Gbps
- Rack Mountable
- ACL ingress and egress filtering

- Height 1.75 in (4.4 cm)
- Length 17.4 in (44.2 cm)
- Width 14.75 in (37.5 cm)
- Max Power Consumption 885W 100VAC
- Operating Temperature 32° to 104°F (0° to 40°C)
- PoE Power Budget 740 W
- Product Weight 6.2 lbs (2.8 kg)
- Switching Capacity 176 GBPS
