

## PROFICIENT.

### Protege 5.25" 100 Watt In-Wall LCR Speaker

PAS22530

SKU: 170690    UPC: 664254014390

You'll be blown away when you hear how good this compact in-wall LCR sounds—and even more blown away when you see how little it costs. Dual 5 1/4" graphite woofers give the IW530 a natural and powerful sound, and our thoughtful design lets you mount the speaker either vertically or horizontally in the wall.

Whether you mount it vertically or horizontally, the IW530 fits easily into a standard stud bay. Tone switches give you  $\pm 3$  dB adjustment of bass and treble—an extremely useful feature you don't usually see at this price point. There's no easier or more affordable way to build a world-class yet visually inconspicuous home theater sound system. Includes Thin-Bezel Grilles held by Neo Magnets.
