

## 20A Rack Mount Power Sequencing & Distribution, 6 Outlet

PDS-620R

SKU: 68234    UPC: 65674707302

Middle Atlantic PDS-620R is a 20A power unit that provides 6-step sequencing to (6) rear outlets. An adjustable start-time delay allows this unit to be daisy chained with up to (3) sequencers acting as a single unit. This configuration is facilitated by a connection block located on the unit's rear panel.

Front-panel controls and LED indicators can be used to set and monitor sequencing intervals. The front panel also features a combination power switch/circuit breaker. The rear terminal block connection will also permit remote control functionality.

### Features

- Provides 6-step sequencing to 6 rear outlets
- Allows daisy-chaining up to 3 sequencers to act together
- Adjustable intervals
- Remote triggering and notifications
- Features 9' SignalSAFE™ power cord

AC Voltage	115V
Amps	20
Cord Length	9'
Depth	9.84"
Height	1.75"
Width	19"
Rack Units	1
Cable Type	Corded
Multi-Mount	No
Number of Circuits	1
Outlet Count	6
Plug Type	5-20P
Sequencing	Yes
Surge Protection Type	None
Certifications	<ul style="list-style-type: none"><li>• Greenguard</li><li>• RoHS</li><li>• UL Listed</li></ul>
